Edible Plants You Can Find in the Wild (Or Your Backyard) 16 Plants That Repel Unwanted Insects. 6 Easy Culinary Herbs to Grow From Seed. 10 Berries That Birds Love. How to Create a Rock Garden.

17 Beautiful Edible Landscaping Plants

The descriptions and common uses of the plants are also sketchy, but like the author says the book contains only the most important and common edible plants of the West. So I would not recommend the book for the beginner and only maybe for the more experienced forager for reminders on plant uses while out hiking because of the book's light weight.
