L99 Engine Vs Ls3

The basic difference between the L99 and LS3 motors is that each one was built for a specific type of transmission. The more powerful LS3 engine is paired with 2010 Camaro SS models that feature the manual transmission. Likewise, the L99 comes from the factory in automatic Camaro SS automobiles from the same year.

What Is the Difference in an L99 & a LS3? | It Still Runs

The main difference between the two is the LS3 produces 422HP and the L99 produces 400HP. Layout. The L99 and LS3 engines are both built on the same platform, featuring 6.2L of displacement and eight cylinders. The camshaft of the L99 engine has slightly less duration than the one found in the LS3, giving the Camaro SS paired with this motor a smoother ride.

What's the difference between a Camaro SS L99 Automatic ...

The L99 and LS3 heads have rectangle intake ports. The lighter hollow stem valves used in the LS3 can be installed in L99 heads to increase the rpm range. It is also common to CNC port and/or mill them up to 0.030 in. to increase compression and better airflow. There are many Aftermarket Heads available. The heads flow better and have thicker decks to maintain head gasket seal.

Upgrading the LS3 and L99 Engines

L99 is simply a restricted LS3. Smaller heads, crappier cam, horrible tune and shorter pistons. Main reason for L99 was to avoid gas guzzler tax. Tune an L99 and you have an LS3, just with an auto transmission which, in reality, makes it faster than an LS3. L99 also have a bit more torque down low than the LS3.

L99 vs. LS3 - Camaro5 Chevy Camaro Forum / Camaro ZL1, SS ...

The LS3 used lighter, hollow-stem intake valves. The L99 used pistons w/ valve reliefs for added clearance with the VVT system. This resulted in a slightly lower compression ratio. A special dry sump version of the LS3 was used in the 2010-13 Corvette Grand Sport Coupe only. The dry sump LS3 used:

Intro to the LS3 and L99 - Summit Racing Equipment

What are the differences between the LS3 & L99? Which one is most common in the 2SS camaro's? A quick summary would be that the L99 has less compression, Variable Valve Timing and active Fuel management which deactivates cylinders while you are light on the throttle.
