Meldas 520M rs-232 DNC data transfer issues I can downlod files to memory with no faults but when I try to run DNC I have data errors, there will be missing characters after as few as 24 lines. I have only just started running the VMC so I don't know if there is something that can be done by adjusting parameters or a hardware change.

G'day All I'm currently looking at buying a cnc Machining center and have found a good little Dyna Myte m2013 with a Mitsubishi meldas 520 control. As far as i know Dyna have never optioned this machine with a 4th axis and i was trying to find out what is involved it adding it. Obviously i would need the rotary table + servo motor and a compatible Mitsubishi servo drive, but what about the ...
