In May of 2012, Conard published Unintended Consequences: Why Everything You've Been Told About the Economy Is Wrong. The book was featured on the cover of the New York Times Sunday Magazine and went on to become a New York Times top ten non-fiction bestseller. Because of the publicity surrounding the publication of his book, Conard was the tenth most searched author on Google in 2012.

### Unintended Consequences: Why Everything You've Been Told ...

Unintended Consequences will reward you with a sophisticated understanding of the contemporary economy, one no other book has yet provided. In the aftermath of the financial crisis, many commonly held beliefs have emerged to explain its cause.

### Unintended Consequences: Why Everything You've Been Told ...

"Unintended Consequences will be the most talked about economic book in 2012. When Ed Conard points the spotlight at recent economic history, his uncanny ability to cut through the confusion provides something totally unexpected: a fresh, nonpartisan perspective on what is right and wrong with America."

### Amazon.com: Unintended Consequences: Why Everything You've ...

In Unintended Consequences: Why Everything You've Been Told About the Economy is Wrong, Edward Conard officially attempts to debunk myths concerning how the US economy actually functions, while in reality he advances a tired, dated philosophy of the merits of inequality, greed, intense competition and social Darwinism.

### **Unintended Consequences: Why Everything You've Been Told ...**

Unintended Consequences is not a book that takes a couple of insights and expands them into 300 pages; rather, it covers the entire scope of the economy. It's a fascinating and contrarian case for how the economy really works, what went wrong over the past decade, and what steps we can take to start growing again.
